

HFFN is a non-profit Hunter Valley community group formed to:

- ◆ Promote the productive and sustainable use of trees on farms
- ◆ Facilitate the exchange of information and ideas both within the Network, and between the Network and other organisations related to farm forestry

Membership is invited from members of the Hunter Valley community who are interested in farm forestry as: grower, environmentalist, harvester, marketer or processor, and are willing to participate through the organisation of and attendance at field days, the preparation of articles for newsletters, and general exchange of their knowledge and experiences etc.

Communication with members will be via their email address and the HFFN website will have details on past and future field days. www.hffn.org.au
