

# Australian Master Tree Growers Course 2024

Presented by the Australian AgroForestry Foundation.

In partnership with the Hunter Farm Forestry Network and Local Land Services.

Join the Australian Master Tree Growers course, brought to you by the Hunter Farm Forestry Network in collaboration with Local Land Services and Australian AgroForestry Foundation.

This 8-day course is designed for landowners who are interested in integrating trees into their farming operations for conservation, agriculture, and profit.

Come and meet the team and learn more at our introductory session (23-24 March). The first session is to meet the team and learn more about the program.

As **spaces are limited**, RSVPs are necessary. When you RSVP, please mention your location and your interest in tree growing. Non-landowners, especially those working with farmers, are also welcome.

Please let us know of any dietary requirements when you RSVP.

For further information either visit the website

[www.agroforestry.org.au](http://www.agroforestry.org.au) or email [secretary@hffn.org.au](mailto:secretary@hffn.org.au)
